Our Foundation's mission is to assist cancer survivors in recapturing their lives after treatment through Triumph Fitness. Research shows that by improving physical fitness, a survivor can decrease the chance of recurrence. It is our goal through Triumph Fitness to not only help survivors in regaining strength and stamina lost during cancer treatment, but to provide them with the tools needed to continue to exercise on their own. This 12-week program has been running successfully in the Sacramento region since 2005. We thank you for helping us to succeed in our mission.
